

Health and Safety Policy

DELIMAX is fully committed in performing its business application in meeting all our customers' requirements without causing harm or Injury to People, Property and Environment.

DELIMAX will:

- Fully comply and embraces the applicable requirements of OHSAS 18001:2007 and exceeds the requirements of applicable health and safety laws and regulations and other requirements.
- Have the full commitment and accountability of the management in ensuring Health and Safety of its employees and its contractors.
- Aim to continually improve the effectiveness of its Health and Safety Management System, by regular audits of its performance and identification of risks and hazards for further developments and continuing sustainability.
- Introduce safety awareness trainings and safe work procedures / practices to all employees and contractors with compliance to applicable legislations, regulations and relevant industry standards and towards Zero accidents/ incidents and prevention of injuries.
- Ensure recognition by all employees and contractors that Health and Safety compliance is condition precedent to employment with the company.
- Ensure that the policy is effectively communicated and understood throughout the organization and other relevant interested parties and stakeholders.
